

Indian Register of Shipping (IRS), an international Ship Classification society, offering comprehensive classification and engineering services to the maritime as well as general industry, is increasing the focus of its services to the Defence and Security sector, (Navy, Coast Guard, Army, Paramilitary forces etc.).

IRS plans to induct former

## Navy and Coast Guard Officers

from the Naval Architecture & Marine Engineering fields, with appropriate experience, particularly in ship design and execution/overseeing of construction and repairs. Candidates should be Indian nationals, have 15-25 years of commissioned service and be within the age group of 35-45 years (relaxable for suitable candidates). Candidates who have applied for retirement/release from the Navy and Coast Guard by **31 Jan 16**

**may** also apply.

Three posts will be filled in the first instance.

Selected candidates would be provided orientation training and specialized training as necessary. Selected candidates will be appointed to departments at the IRS head office at Powai, Mumbai or at Survey Stations in the vicinity of shipyards engaged in the execution of shipbuilding projects. The job will be transferrable.

Salary would be commensurate with the level, qualification and experience and would match the best in Industry.

Candidates desirous of working in an empowered, dynamic and congenial work environment, with focus on growth and excellence, may mail their detailed resume **within 21 days** of publication of this advertisement, including academic qualifications, complete service record, appointments held, sea tenures, awards (if any), copy of last payslip and date of retirement/release, alongwith a recent photograph to

**The Chief Operating Officer**
