## Incredible North East!

# EMPLOYMENT SCENARIO IN MIZORAM

— Prof. Lianzela

Mizoram, the land of enchanting hills is situated in the southern most part of the North East Region (NER). After signing the Peace Accord in 1986, the state is often cited as the most peaceful state in the NER. Mizoram became Union Territory in 1972 and then, finally a state in 1987. The state has now eight districts and three autonomous district councils. Mizoram population (2011) is 10,91,014 (male 5,52,339, female 5,38,675). Sex ratio is 975 female per 1000 males. Of the total employees, 27.3 percent were employed in Own Account Enterprise (OAE) and the remaining 72.7 percent were employed in establishments.

### Public Sector Employment

In the absence of industries worth mentioning in the state, the public sector has to provide employment to the people. As per Census of Government Employees 2005, the number of employees working under the Mizoram State Government as on 1st April, 2005 were 55,665 out of which 48,453 were regular employees and 5421 were Muster Roll and 1971 were work-charged.

Sl. No.	Category	Amount per day (in Rupees)

### Church as an employer

The church in Mizoram also has done a significant job in generating employment in the state. The survey done by one college in Aizawl found that as many as 4863 persons were employed by the three churches in Mizoram viz. the Presbyterian church, the Baptist and the Salvation Army. The exact number of people employed by these churches is as follow.

- (1) Presbyterian church 2519 persons
- (2) Baptist church 1938 persons
- (3) Salvation Army 406 persons

While considering employment scenario in Mizoram, the following points may be noted:-

- ◆ In the absence of industries worth mentioning, state government has to be the main provider of job/employment.
- ◆ Mizo youth have strong preference for white collar/government job.
- ◆ Being a close-knit society they have a strong preference to work within Mizoram.
- ◆ Generally they avoid jobs that call for leaving Mizoram.
- ◆ Science and mathematics (maths in particular) are unpopular subjects among Mizo youths. This made them rather handicapped to join bank services.
- ◆ In general, Mizos have inborn skill and talent but unfortunately they usually don't have the patience to reach skill/specialized level in their venture.
- ◆ Generally house building/construction work (cement concrete works) in Mizoram are done by labourers coming from Cachar/Karimganj and also from Bangladesh. Helpers in the hardware stores (dealing with iron rods, etc.) are also mainly from the above mentioned places. Cattle rearing and timer work (sawing timber, etc.) are done by labourers coming from Nepal.
- ◆ House maids/servants, taxi driving, weaving in the loom and other manual works are done by labourers coming from Myanmar. This is made possible as the said labourers accept lower wage than local (Mizo) labourers.
- ◆ In general, Mizos are shy of entrepreneurship till date.
- ◆ Mizo youth usually lack communication skill in English and Hindi. They can write English effectively but poor in spoken part. Hindi learning is gaining popularity in the state.
- ◆ Mizos have a number of social obligations and social visits, etc. Their work culture is very much conditioned by their culture. Works that disturb their observance of Sunday would always be unpopular to them.

## ATTENTION

Employment News will celebrate **Gandhi Jayanti** by publishing articles which will focus on khadi and employment and ethics in governance including usage of right to information.

Khadi is not just a cloth, it is a whole movement started by Mahatma Gandhi. The Khadi movement aimed at boycotting foreign goods and promoting Indian goods, thereby improving India's economy. The movement focused on rural self-employment and self-reliance and became an integral part of **Swadeshi Movement**. The India's freedom struggle revolved around the use of Khadi fabrics. Khadi is Indian hand spin and hand woven cloth. The raw materials may be cotton, silk or wool which are spun into threads on a spinning wheel called **Charkha**.

Employment News in its issues of October 2012, will look at relevance of Khadi sector for employment and in emerging fashion trends.

Another issue dear to Mahatma Gandhi was ethics in governance which is relevant even today. There will be an article on this including right to information. The articles will be written by Dr. Yogendra Yadav of Gandhi Research Foundation, Jalgaon and Mr. Ritesh Singh, a student of IIT, Kharagpur.

On this occasion, let us commit to Gandhian values, resolve to do away with violence and follow non-violence path to build a world of work that is a gate-way to progressively better future.
