UDAAN : A FLIGHT FOR YOUTH

— Priscilla Vincent

[With this issue, we will be focusing on employment opportunities in J&K. On this occasion, the Chief Minister of J&K, Shri Omar Abdullah has sent a special message. In his message he has said that “ state was hit badly by conditions of militancy and insurgency. Overlaying these conditions are the regional imbalances that are inevitable in a country as large and diverse as India. Consequently, the overall condition that has obtained in the state has been marked by the absence of youth participation in the still unfolding growth paradigm of the Indian economy. The glaring lacuna—the conspicuous absence of youth in the contry’s growth trajectory—can be attributed to the skill deficit amongst the youth. What is required to remedy this deficit is a vigorous intellectual and practical road map that helps identify the areas where there is a deep skill deficit and which can be targeted to improve the skill base. In this regard, I am delighted to know that the Employment News, Publications Division, Ministry of Information and Broadcasting, Government of India, is launching a series of potentialities of employment generation in Jammu & Kashmir.”]

UDAAN is a unique project with partnership between the corporates, the National Skill Development Corporation (NSDC) and the youth of Jammu and Kashmir. The scheme proposes to reach out to 40,000 J&K youth over a period of 5 years. Corporates from all over India will join hands with NSDC on programmes of ideally 3 to 9 months that will induct graduates and post graduates from J&K for skill training and getting employment.

Objectives of Udaan

- J&K youth to be trained by well-established names in the corporate world and exposing them to corporate India.
- Trained J&K youth to be provided with well-paying jobs.
- Corporate India to be exposed to the rich talent pool available in J&K.
- Mobilising organisations from across the country to select deserving candidates from J&K, provide them training and place them either within their organization or outside or enable them to become entrepreneurs.

A vast talent pool is available in the State. The following table shows unemployed youth in different streams in Jammu & Kashmir;

These corporates will select candidates from a diverse range of educational backgrounds.

On the 26th of March 2011, the then Home Minister Shri P. Chidambaram launched the **UDAAN** website in the presence of the Chief Minister of Jammu and Kashmir Shri Omar Abdullah and Chairman of Economic Advisory Council to the Prime Minister Dr. C. Rangarajan. The **Udaan** website is a highly intelligent system that brings all stakeholders to a common platform. The website of **Udaan** is <http://www.nsdcindia.org/Udaan/>.

Union Budget: Understanding the Concepts

— Happy Pant

Budget of a government refers to a comprehensive statement of its expenditures and receipts for a particular financial year. It is an expression of the intentions of the government as regards its expenditures over an ensuing year and its receipts to meet such expenditures.

In India, the Union Budget is presented in Parliament (usually on the last working day of February every year) through a set of documents. In order to understand the key concepts associated with budget in our country, we may refer to one of the important Union Budget documents, viz. the *Budget at a Glance*. For this purpose, Union Budget 2012-13 is being taken as a model.

"Investment in education, in skill building, and in improving capabilities of our young people is the most important way in which we can build a new Jammu and Kashmir. I have often said that it is our common dream to build a 'Naya Jammu and Kashmir', symbolized by peace, prosperity and people's empowerment. I want each and every section of the civil society in Jammu & Kashmir to come forward and participate in this grand adventure of building a new Jammu & Kashmir. To be effective participants in such a process people have to be empowered by education, good health care and provision of adequate employment opportunities."
-- Prime Minister Dr. Manmohan Singh

Corporates: By posting their training and job opportunities online, corporates are able to reach out to a larger talent pool in J&K. Corporates are able to view the details (personal, educational and past work experience) of the candidates

who have applied and thereby effectively shortlist candidates for their programmes. The website enables corporates to send interview invites, containing the time, date and venue of the interview, to shortlisted candidates. Under **UDAAN**, corporates are to submit quarterly reports to NSDC on their programmes' success. As the format of this report is on the website, corporates will be able to submit their quarterly reports with ease.

NSDC: As website administrator, NSDC is able to monitor and evaluate the implementation of **UDAAN**. NSDC can also view the details and status of all candidates registered under **UDAAN**. Having access to the quarterly reports submitted by corporates, NSDC is thereby able to effectively monitor the implementation of **UDAAN**.

Union budget ...

Continued from page 1

The Budget at a Glance table as shown, provides a summary of both the expenditure part and the receipts part of the Union Budget, also indicating 'borrowing' (which is needed to cover the Fiscal Deficit for the year concerned) within the receipts part.

Let's find out more about these and some of the other important concepts pertaining to expenditures and receipts in the following.

Classification of Government Receipts

Capital Receipts- those receipts that lead to a reduction in the assets or an increase in the liabilities of the government.

- Capital Receipts leading to 'reduction in assets': Recoveries of Loans given by the government and Earnings from Disinvestment;
- Capital Receipts leading to 'increase in liabilities': Debt.

Revenue Receipts- those receipts that don't affect the asset-liability position of the government. Revenue Receipts comprise proceeds of Taxes (like, Income Tax, Corporation Tax, Customs, Excise, Service Tax, etc.) and Non-tax revenue of the government (like, Interest receipts, Fees/ User Charges, and Dividend & Profits from PSUs).

Classifications of Government Expenditure

i) Capital and Revenue Expenditure

Total government expenditure can be divided into two categories, viz. Capital Expenditure and Revenue Expenditure.

● **Capital Expenditure-** those expenditures by the government that lead to an increase in the assets or a reduction in the liabilities of the government.

-Examples of Capital Expenditure causing 'increase in assets': (*construction of a new Flyover, Union Govt. giving a Loan to a State Govt.*);

-Examples of Capital Expenditure causing 'reduction of a liability': (*Union Govt. repays the principal amount of a loan it had taken in the past.*)

● **Revenue Expenditure-** those expenditures by the government that do not affect its asset-liability position.

Examples of Revenue Expenditure are: (*expenditure on Food Subsidy, Salary of staff, procurement of medicines, procurement of text books, payment of interest, etc.*)

We may note here that the entire amount of Grants given by the Union Government to States is reported in the Union Budget as Revenue Expenditure, even though a part of those Grants get utilized by States for building Schools, Hospitals etc. This is so because the ownership of the schools or hospitals built from the Central grants would not be with the Union Government.

ii) Plan and Non- Plan Expenditure

Total government- expenditure can also be divided into another set of categories, viz. Plan Expenditure and Non-Plan Expenditure.

● **Plan Expenditure-** those expenditures by the government that are meant for programmes / schemes formulated under the ongoing/ previous Five Year Plan. Until a Plan scheme completes its duration (i.e. until it is part of a Five Year Plan), all expenditures on the scheme, whether on creation of infrastructure or for salary of staff, are reported under Plan Expenditure.

Categories of Plan Schemes

● **State Plan Schemes-** Only the state government provides funds for these, with no direct contribution from the Centre. However, based on the Planning Commission's recommendations, the Centre provides Central Assistance for State & UT Plans.

● **Central Sector Schemes-** The Central Government provides entire funds for these.

● **Centrally Sponsored Schemes-** Both the Central Government and the State Governments provide funds for the scheme, the ratio of their contributions depending on the design of the scheme.

● **Non-Plan Expenditure-** those expenditures by the government that are outside the purview of the Planning Commission. All government institutions and services, which function on a regular basis irrespective of Five-Year Plans, are financed by Non-Plan expenditures. Examples of these are: interest payments, pension, defence expenditure, spending on law and order, spending on legislature, subsidies, and salary of regular cadre teachers, doctors and other government officials etc.

We must note here that most of the development sectors, like, agriculture, education, health, water and sanitation etc. are financed by both Plan and Non-plan Expenditure.

Deficit and Debt

Excess of government's expenditure in a year over its income for that year is known as Deficit; the government covers this gap by taking a Debt.

Fiscal Deficit: It is the gap between government's Total Expenditure in a year and its Total Receipts (excluding new Debt to be taken) that year. Thus, Fiscal Deficit for a year indicates the amount of borrowing to be made by the government that year.

Revenue Deficit: It is the gap between Revenue Expenditure and Revenue Receipts.

Budget Estimates and Revised Estimates

The estimates presented in a Budget for the approaching fiscal year are Budget Estimates (BE), while those presented for the ongoing fiscal year based on the performance in the first six months of the fiscal year are Revised Estimates (RE). The figures for the previous fiscal year, which have been audited, are known as Actuals. (*series to be continued*)
